

Call for paper

Prince of Songkla University Computer Engineering Technical Report (PSU-CoE-TR-2019)

Prince of Songkla University Computer Engineering Technical Report (PSU-CoE-TR-2019) aims to provide an opportunity for researchers in the field of computer engineering, computer science, software engineering, information communication technology and other related fields, to receive a comment on their manuscript and to publish their preliminary idea. All papers in computer, communication, information technology and related fields are accepted. The accepted topics include but not limited to the followings

Bio and Medical Informatics	Computer Vision
Data Science	Requirement Engineering
Cluster and Grid Computing	Embedded Systems
Knowledge and Data Management	Software Architecture
Cloud Computing	Software Engineering
Machine Learning and Intelligent Systems	Software Metrics
Computational Science and Engineering	Information Technology
Multimedia and Computer Graphics	Computer Educational Technology
Computer and Internet Security	Information Retrieval
Ontology and Semantic Web	Internet of Things
Computer Networks and Communications	Mobile applications
Pervasive and Mobile Computing	Multimedia related topics

Important date:

Submission Deadline	Feb 14, 2019
Notification	Feb 28, 2019
Camera Ready	Mar 14, 2019
Accepted Abstract on the Web	Mar 30, 2019

Submission guideline

A paper must be written in English. There is no page limit on the full manuscript. However, only the abstract will be posted on the website. So that the authors are free to submit their full papers to other conferences or journals. The abstract and full paper format can be downloaded from the following URLs.

- Abstract template
- Full paper template

Both abstract and full paper must be email to svasupongayya@gmail.com by the deadline.
